

TDs to CURE HD

PLEDGE AND RECEIVE:

***** Private Happy Hour with Chargers Players**

***** Exclusive invite to Training Camp, including a chance to meet and dine with players.**

Pledge from \$1 to \$40 per touchdown the Chargers score during the 2010 regular season and postseason. The greater your pledge, the greater your reward. Your greatest reward is the knowledge that 100% of your donation is helping make this the last generation of Huntington's disease.

Huntington's disease is a fatal, genetic brain disorder that destroys a person's mental and physical abilities. An estimated 30,000 Americans have it, and at least 150,000 more are at risk. Children of a parent with HD have a 50-50 chance of inheriting the condition, and the disease can start as early as childhood. Today there is no cure or treatment, but your support gives our families hope for a future free from HD.
